

MOBILITY & PRODUCTIVITY PORTFOLIO

Have you maximised your productivity through an increased mobility focus?

Unlock your productivity through the Virtunet Mobility and Productivity Portfolio and achieve better security, better management and better reliability.

What is your Reality?

- 76% of CIO's are looking at enterprise mobility to reduce costs and increase employee productivity
- Consumer products are popular and not built for business
- Software applications are moving to the cloud
- Companies see a direct benefit in hot-desking, BYOD and Activity-Based Workplace
- Customers want faster response and they want it 24/7

Your Challenges are:

- Staff are required to respond from anywhere
- Consumer grade products sacrifice durability, battery life, onsite warranty and not compatible with all applications
- Staff are wanting to have the same user experience on multiple devices
- Applications are required to be operable on multiple devices
- Greater access brings greater security risk
