

App Store

Over 75,000
Education Apps

- Every Subject
- Every Grade Level
- Every Learning Style
- Free Apps Available

DEP (Device Enrolment Program)

3 Easy steps for full Apple Deployment

1

UP + RUNNING

Apple School Manager is an online portal allowing staff to create accounts, define roles and manage devices.

2

SETUP AUTOMATICALLY

Wirelessly configure settings through your MDM according to schools requirements and easily assign devices to students and staff.

3

APP DISTRIBUTE

All devices and content are now in sync so it's simple to provide the right Apps and learning materials on Student and staff devices.

When you purchase apps for iPad and Mac through Apple School Manager, your education volume discount is applied automatically

iOS 10

Meet your new teaching assistant. Classroom app helps teachers guide learning, share work and manage student devices.

- Reset forgotten passwords
- Share work on a central screen
- See what your students see
- Remote control

Also introducing the NEW Swift Playground App!

Do you want to have fun while teaching coding?

Swift Playgrounds is a revolutionary new app for iPad that makes learning interactive and fun! Students can now build their own apps using real coding by guiding a character through a 3D world. The app comes with a complete set of Apple-designed lessons - making coding as easy as 1, 2, 3!
