

Microsoft Education

EMPOWERING EVERY STUDENT TO CREATE THE WORLD OF TOMORROW

Transformation in Education

- We live in a time of great change and tremendous educational potential
- We need to provide better tools that give every student equal learning opportunities
- We need to amplify the creativity of students, teachers, and administrators
- We need to create more efficient classrooms and maximise learning time
- We need to teach students the skills they need for a rapidly transforming future

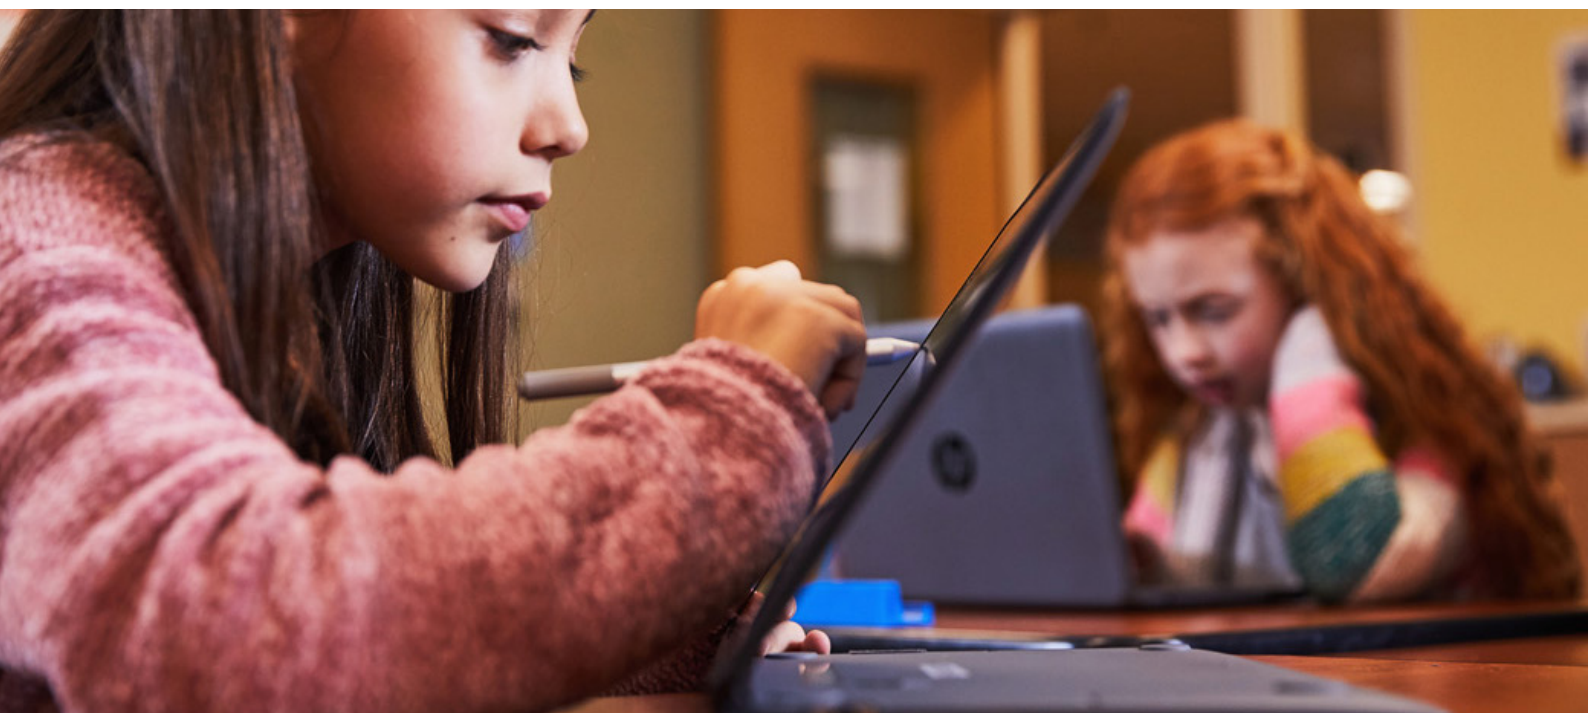

**Better learning
outcomes**

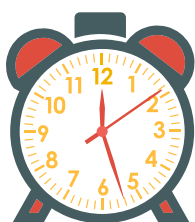

Saves teachers time

**Affordable, easy to
manage devices**

Because tomorrow's leaders are sitting in our classrooms today

We can save
teachers time and
give them more
ways to bring
lessons to life

That's Microsoft
Education

Unlock Limitless
Learning

We can give
teachers better tools
to create better
learning outcomes
for all students

And we can do it
with devices
that work for
every student,
every educator,
and every school

Microsoft Education For IT Managers

Simpler way to deploy and manage classroom devices

MICROSOFT INTUNE FOR EDUCATION

- **Fast enrollment and streamlined deployment** easily brings Windows 10 devices and apps under management
- **Zero-touch management** to change apps and settings applied by default to each enrolled device through the cloud and Azure AD
- **Import school, student and teacher info quickly with School Data Sync** to automatically create classes and keep student data up-to-date
- **Designed for education** to address common school scenarios and settings, such as shared devices where user gets different settings and apps
- **Scales to your environment** with delegated administration from a district to a school level and bridging the gap between on-premise ConfigMgr deployments to modern cloud Intune management with co-management. Includes right to the full enterprise-grade Intune console for cross-platform management.
