OUR PARTNER BRANDS

TESTIMONIALS

Reach out to us to experience for yourself why over 3000 schools in Australia has chosen Virtunet as their technology partner & IT hardware supplier. Below is one of the hundreds of positive testimonials we've received from our valued education clients:

"Virtunet were able to provide all hardware, software and licensing requirements to replace what the MSP provided. Virtunets customer service and response is impressive and they have been extremely flexible working with our schools requirements.

We at Alesco Illawarra see Virtunet as a valuable resource and run with them for their wide range of products, knowledge and contacts"

"With so many projects on the go, it's great to know we can have a single point of contact for the largest of infrastructure orders, down to the smallest obscure parts. Virtunet has always been dedicated to fast response, to-the-point pricing, exceptional post-sales support and product recommendations. They take the time to listen and understand our needs, and find the solution that best fits our objectives and budgets. Virtunet continues to impress us, and outperform their competitors daily. and I have no hesitation in recommending them – Leonard in particular – to be your single point of contact too."

"Dealing with Virtunet for the last few years, the experience with their representatives has always proven to be fast, reliable and helpful.

The pricing is competitive and the time between getting the initial quote to getting the ordered delivered has always been fast, easy and pleasant. Everyone from Virtunet I have dealt with has always been pleasant and easy to work with, and they are my number one supplier for equipment."

Education Finance

Apple Financing

Apple's education finance program gives your school several finance options. Flexible terms make it easy to upgrade and finance multiple Apple products at the same time.

Maximum flexibility to meet your needs

- Select the payment schedule that fits your budget cycle: annual, semi-annual, quarterly or monthly.
- Finance the equipment you need with no down payment.
- Get payment and trade-in options tailored to your needs.
- Include software, upgrades, support and training in your finance payment.

How to Apply

- For more information call 1300 484 788.

Apple's educational finance program solutions give your school more spending power and greater flexibility than buying outright with cash.

Best-in-class protection for your digital device

Tested to exceed U.S. Mil-Spec drop tests, Dux Plus withstands the rigours of the classroom, work, and everyday use. Designed with educators' and IT professionals' input, the case features integrated Apple Pencil (1st gen) or Logitech Crayon storage, STM's patented magnetic closure, and transparent back for asset tagging or user customisation.

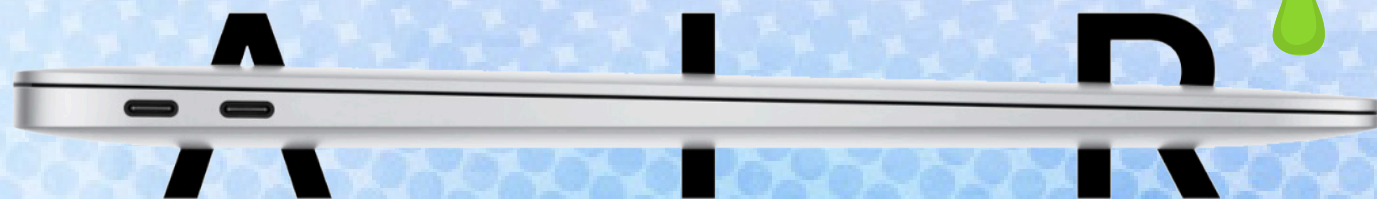

Smarter Features

- » Drop tested to meet the U.S. Military Spec 810G drop requirement
- » Super protective polycarbonate and rubberised TPU bracket for even the most accident prone among us
- » Translucent back allows for user customisation or easy asset tagging for schools and businesses
- » Built-in storage and protection for the Apple Pencil (1st gen), also accommodates Logitech Crayon
- » Patented magnetic closure allows for easy folding for typing or viewing
- » Instant on/off cover wakes and turns the device off to save battery life
- » Durable and water resistant polyurethane cover to ward off occasional drips or spills

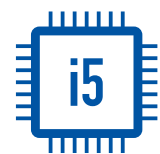

APPLE MacBook Air

Performance your all-purpose,
all-day notebook

Even though it weighs just 1.25 kilograms, the new MacBook Air packs quite a punch. An 8th generation Intel Core i5 processor helps you power through daily activities, from reading email and browsing the web to creating Keynote presentations and editing in iMovie. Up to 16GB of memory lets you work seamlessly even with multiple apps open, while up to 1TB of SSD storage lets you launch apps in a flash and provides plenty of room for all your documents, photos and videos.

APPLE MacBook Pro

More Power.
More Performance.
More pro.

With the latest Intel Core processors, MacBook Pro reaches new heights in compute performance. The 15-inch model is now available with an 8-core ninth-generation Intel Core i9 processor that reaches Turbo Boost speeds up to 5.0GHz. This gives 3D graphics apps like Autodesk Maya render speeds that are up to 40 per cent faster than the previous-generation 6-core processor and up to twice as fast as a quad-core processor. And a new eighth-generation quad-core processor on the 13-inch MacBook Pro makes it ready to take on even the toughest tasks. So when you're powering through pro-level processing jobs like compiling code, rendering 3D models, adding special effects, layering multiple tracks or encoding video, you'll get everything done. Faster.

"ALL NEW" HP ProBook Education Edition

FOUR MODES. BUILT TO LAST. DESIGNED FOR LEARNING.

Improve learning outcomes, save teacher time, and engage students like never before with the powerful, durable, flexible HP ProBook x360 11 Education Edition notebook. It converts easily from a notebook to a tablet to a stand to a tent and moves seamlessly between the classroom and home.

BUILT TOUGH TO SURVIVE THE SCHOOL DAY

Afraid that a notebook might not survive your students? The HP ProBook x360 11 Education Edition is built with active students in mind, don't worry about minor spills on the keyboard or accidental drops or jostles. The keyboard is also designed to resist any student trying to pull the keys out.

HP ProBook x360 11 G1

- Intel Celeron or Intel Pentium processors
- Up to 11 hours battery life
- Windows 10 Pro

HP ProBook 11 G2

ThinkPad L590

Built for business, designed for success

Incredibly powerful and versatile, the business-ready ThinkPad L590 has a 12-hour battery life and performs seamlessly whether you're in the office, on the road, or on a beach. This secure, durable 15.6" laptop has a range of options, including a fingerprint reader and backlit keyboard.

LENOVO ThinkPad for Business

HAPPY IT DEPARTMENT, EVEN HAPPIER USERS

Thanks to the optional touch fingerprint reader, the ThinkPad L590 is designed to be secure—and give your IT department one less thing to worry about. This configurable 15.6" laptop will also make your employees' lives easier with its seamless performance and 12-hour battery life.

MAKES LIGHT OF HEAVY WORK

With up to 8th Generation Intel® Core™ i7 processing (plus Intel® vPro™ technology for advanced security and manageability), the ThinkPad L590 can zip through almost any task. Yet, it has a starting weight of just over 2kg.

LOG IN MORE QUICKLY & SECURELY

Why type a password, when your fingerprint will do? Thanks to the optional touch fingerprint reader, you can log in more quickly securely—through advanced biometric technology. And with ThinkShutter, you can close your webcam when it's not in use.

PC LOCS

The Carrier Carts 20, 30 & 40

- **Baskets by PC Locs.** Includes 8 Baskets giving users the flexibility to deploy Chromebook, Tablet or iPad devices with ease. The baskets are light and are designed to accommodate almost any device, with or without cases.
- **Timed charging modes.** Easily set your Cart to charge for a specific amount of time.
- **ECO Safe Charge** power management system with remote for safe and efficient charging of devices.
- **External LED indicators.** Easily and quickly see if your devices are charging and the charging mode selected.
- **Safe and secure.** The combination of welded steel construction, the locking system and the keyless combination padlock protects your devices when they're not in use.

The Revolution Carts

- **ECO Safe Charge** power management system with remote for safe and efficient charging of devices.
- **External LED indicators.** Easily and quickly see if your devices are charging and the charging mode selected.
- **Timed charging modes.** Easily set your Cart to charge for a specific amount of time.
- **Safe and secure.** The locking system will ensure your Cart and devices are locked down and secured.

Putnam 8 & 16 Charging Stations

- **External Charging Status Display.** With a colour-coded LED charging status display for each slot, easily know if your devices are charging (red) or ready to use (green).
- **Pre-Wired.** Equipped with 8 or 16 MFi approved Lightning cables, the Putnam come with everything you need to lock and charge your devices.
- **Secure.** Fully welded steel construction and a built in mechanical combination lock makes this charging station ultra-secure.
- **Small footprint and lightweight.** Easily mount the compact unit to the floor, wall or a desk to save even more space.
- **Efficient charging.** With 2.4 amp charging at each port, the Putnam Charging Station can charge 8 or 16 iPads simultaneously

The Carrier 10 & 15 Charging Stations

- **Secure.** Keep your valuable device investments safe. The combination of welded steel construction, the mounting-kit and a hardened steel padlock, protects your devices.
- **Compatible.** Each Carrier Charging Station comes equipped with a device storage rack and three Large Baskets for storing just about any device.
- **Efficient charging.** The Carrier Charging Stations can charge 10 or 15 devices simultaneously including Chromebooks, Laptops, iPads and most Tablets.
- **Wall or desk mounting.** Transform any wall, desk or bench into a secure charging space.

LASER

Successful teachers benefit from the power of connection

The RingCentral App™ is the modern digital workspace that **unites teachers, students, and parents** with team messaging, file sharing, video, and task management.

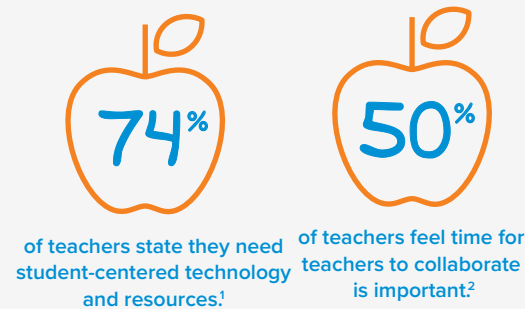

Teachers

Teachers spend between three to five hours a day not teaching. They're planning and performing administrative tasks like answering emails, making phone calls, and holding teacher-parent conferences. Seventy-four percent of teachers support the use of technology in schools.¹

The RingCentral App provides teachers and administrators a convenient and productive digital workspace.

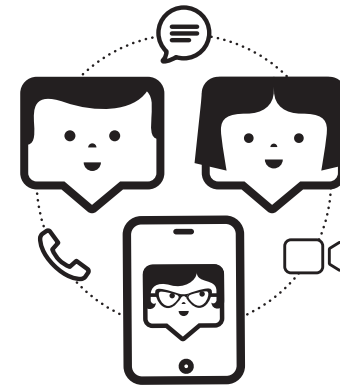

- Teachers can easily coordinate lessons between fellow teachers and education specialists.
- Communications and planning are better synchronized between teachers and admins.
- Lessons can be recorded and archived—extending the reach of curriculum while saving resources.

parents favor digital communications.⁴

of parents feel they were not kept in the loop when it came to classroom activities.³

Parents

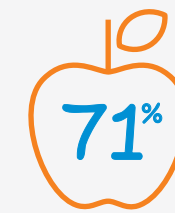

Parents get a digital communications space that gives them a stronger connection with teachers.

- Parents and guardians get to connect using preferred mediums, including voice, text, and video.
- Teachers can easily share updates, homework details and schedules, send newsletters, and direct messages.
- It's easier for parents and teachers to coordinate special events, including field trips, parties, and parent-teacher conferences.

Students

Students gain an effective digital learning space that modernizes their education.

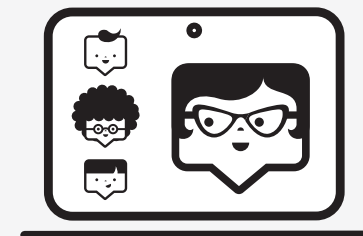

- Students receive lessons and connect with their teachers anywhere across messaging, video, and file sharing.
- Pupils can connect with teachers online during office hours and receive tutoring and feedback with more flexibility.
- Learners have a digital platform to showcase their work and can use technology that will give them tech skills for the future.

of academic leaders rate online learning as effective.⁵

is the increased probability that students earn credits in classes where weekly teacher-to-parent messages are exchanged.⁶
